Executive Order

NUMBER SIXTY-THREE (00)

DECLARATION OF A STATE OF EMERGENCY FOR THE ENTIRE COMMONWEALTH DUE TO WINTER STORM

On January 25, 2000, I verbally declared a state of emergency to exist for the entire Commonwealth of Virginia following a winter storm with high winds that dumped up to 18 inches of snow across much of the state and caused significant drifting and blizzard conditions. This state of emergency was also declared in anticipation of a second winter storm predicted to impact the Commonwealth over the time frame from January 28 to January 31, 2000.

Safeguarding the health and general welfare of the citizens of the Commonwealth required that state action be taken to help prepare for and alleviate the conditions which may result from this situation. I also found that the potential effects of this blizzard, and the threat of future storms, constituted a natural disaster wherein human life and public and private property were imperiled, as described in §44-75.1.A.4 of the Code of Virginia.

Therefore, by virtue of the authority vested in me by §44-146.17 of the Code of Virginia, as Governor and as Director of Emergency Services, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by §44-75.1 of the Code of Virginia, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby confirm, ratify, and memorialize in writing my verbal orders issued January 25 and January 29, 2000, wherein I proclaimed that a

state of emergency exists throughout the Commonwealth and directed that appropriate assistance be rendered by agencies of both state and local governments to prepare for and alleviate any conditions resulting from these storms, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions insofar as possible. Pursuant to §§44-75.1.A3, and A4 of the *Code of Virginia*, I also directed that the Virginia National Guard and the Virginia Defense Force be called forth to state duty to assist in providing such aid. This included Virginia National Guard assistance to the Virginia State Police in the provision of essential commodities such as home heating fuel, etc., to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police, in consultation with the State Coordinator of Emergency Services and the Adjutant General, and with the approval of the Secretary of Public Safety, found necessary.

In order to marshal all public resources and to implement appropriate preparedness, response, and recovery measures to meet this potential threat and recover from its effects, and in accordance with my authority contained in § 44-146.17 of the Emergency Services and Disaster Laws, I ordered the following protective and restoration measures:

- A. The full implementation by state agencies and local governments of the Commonwealth of Virginia Emergency Operations Plan (COVEOP).
- B. Full activation of the Virginia Emergency Operations Center (VEOC) and State Emergency Response Team (SERT). Furthermore, I am directing that the VEOC and SERT coordinate state operations in support of affected localities and the Commonwealth, to include issuing mission assignments to agencies designated in the COVEOP and others that may be identified by the State Coordinator of Emergency Services, in consultation with the Secretary of Public Safety, which are needed to provide for the preservation of life, protection of property, and implementation of recovery activities.
- C. The authorization to assume control over the Commonwealth's state-operated telecommunications systems, as required by the State Coordinator of Emergency Services, in coordination with the Department of Information Technology, and with the prior consent of the Secretary of Public Safety, making all systems assets available for use in providing adequate communications, intelligence and warning capabilities for the impending event, pursuant to § 44-146.18 of the Code of Virginia.

The State Coordinator of Emergency Services is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, §44-146.28:1 of the Code of Virginia.
- E. The authorization of the Departments of State Police, Transportation and Motor Vehicles to grant temporary overweight/overwidth/registration/license exemptions to carriers transporting essential commodities and emergency relief supplies into and through the Commonwealth in order to support the disaster response and recovery. The axle and gross weights shown below are the maximum allowed, unless otherwise posted.

- K. The following conditions apply to the deployment of the Virginia National Guard and the Virginia Defense Force:
 - 1. The Adjutant General of Virginia, after consultation with the State Coordinator of Emergency Services, shall make available on state active duty such units and members of the Virginia National Guard and Virginia Defense Force and such equipment as may be necessary or desirable to assist in pre-storm preparations and in alleviating the human suffering and damage to property as a result of this storm.
 - 2. Pursuant to §52-6 of the Code of Virginia, I authorize and direct the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers. These police officers shall have the same powers and perform the same duties as the regular State Police officers appointed by the Superintendent. However, they shall nevertheless remain members of the Virginia National Guard, subject to military command as members of the State Militia. Any bonds and/or insurance required by §52-7 of the Code of Virginia shall be provided for them at the expense of the Commonwealth.

- 3. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by §44-78.1 of the Code of Virginia and not subject to the civilian authorities of county or municipal governments. This shall not be deemed to prohibit working in close cooperation with members of the Virginia Departments of State Police or Emergency Services or local law enforcement or emergency management authorities or receiving guidance from them in the performance of their duties.
- 4. Should service under this Executive Order result in the injury or death of any member of the Virginia National Guard, the following will be provided to the member and the member's dependents or survivors:
 - (a) Workers' Compensation benefits provided to members of the National Guard by the Virginia Workers' Compensation Act, subject to the requirements and limitations thereof; and, in addition,
 - (b) The same benefits, or their equivalent, for injury, disability and/or death, as would be provided by the federal government if the member were serving on federal active duty at the time of the injury or death. Any such federal-type benefits due to a member and his or her dependents or survivors during any calendar month shall be reduced by any payments due under the Virginia Workers' Compensation Act during the same month. If and when the time period for payment of Workers' Compensation benefits has elapsed, the member and his or her dependents or survivors shall thereafter receive full federal-type benefits for as long as they would have received such benefits if the member had been serving on federal active duty at the time of injury or death. Any federal-type benefits due shall be computed on the basis of military pay grade E-5 or the member's military grade at the time of injury or death, whichever produces the greater benefit amount. Pursuant to § 44-14 of the Code of Virginia, and subject to the concurrence of the Board of Military Affairs, and subject to the availability of future appropriations which may be lawfully applied to this purpose, I now approve of future expenditures out of appropriations to the

Department of Military Affairs for such federal-type benefits as being manifestly for the benefit of the military service.

- L. The following conditions apply to service by the Virginia Defense Force:
 - Compensation shall be at a daily rate that is equivalent of base pay only for a National Guard Unit Training Assembly, commensurate with the grade and years of service of the member, not to exceed 20 years of service;
 - Lodging and meals shall be provided by the Adjutant General or reimbursed at standard state per diem rates;
 - 3. All privately owned equipment, including, but not limited to, vehicles, boats, and aircraft, will be reimbursed for expense of fuel. Damage or loss of said equipment will be reimbursed, minus reimbursement from personal insurance, if said equipment was authorized for use by the Adjutant General in accordance with § 44-54.12 of the Code of Virginia; and
 - 4. In the event of death or injury, benefits shall be provided in accordance with the Virginia Workers' Compensation Act, subject to the requirements and limitations thereof.
- M. The costs incurred by the Department of Military Affairs and Virginia Defense Force in performing these missions shall be paid out of the sum sufficient appropriation for Disaster Planning and Operations contained in Item 511 of Chapter 935, 1999 Virginia Acts of Assembly.

This Executive Order shall be effective retroactive to January 25, 2000, and shall remain in full force and effect until June 30, 2000, unless sooner amended or rescinded by further executive order. Termination of the Executive Order is not intended to terminate any federal-type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.
